Afruheritage — Customer UAT Guide

User Acceptance Testing Guide for Business Customers — https://afruheritage.com — Version 1.0, October 2026

Before you start

- You do not need any technical knowledge. Everything happens in a normal web browser.
- All testing starts at https://afruheritage.com.
- Have access to the email inbox you register with — Afruheritage sends real emails.
- Fill in the checklist spreadsheet as you go: PASS, FAIL or BLOCKED for each test.
- Take a screenshot whenever something does not work.
- Capabilities marked excluded or under implementation are not available — do not test them.
- Known defects (in the Delivery Gaps register) SHOULD be reported.
- Do not make real payments during testing.

Who can test what — user types

Public Visitor

Who: Anyone who has not signed in

Can do: Browse the website, view services and pricing, track a shipment with a tracking number, use the customs duty calculator, read documentation, submit a support request on a business portal, start registration.

Cannot do: See private business data, create shipments, or access any workspace.

Individual Customer (Personal Shipper)

Who: A person shipping goods for themselves

Can do: Register a personal account, receive a welcome email, sign in, complete onboarding as 'Personal Shipper', create and track shipments on the free tier, manage their profile and password.

Cannot do: Manage a company workspace, invite team members, or use fleet management.

Business Owner (Company Admin)

Who: The person who registers a freight/logistics company

Can do: Register a company, choose a plan or trial, manage settings and branding, create shipments, manage drivers and vehicles, invite team members, view billing, pick a storefront template.

Cannot do: Access platform administration (internal staff only) or other companies' data.

Team Member — Customer (read-only)

Who: An employee or contact invited by the business owner

Can do: Accept the invitation email, set a password, sign in, view permitted records.

Cannot do: Change billing, manage settings, or perform administration (restricted role).

Driver (managed resource)

Who: A driver recorded by the business

Can do: Be registered by the business owner with name, phone and email, and be assigned to shipments.

Cannot do: Drivers do not sign in to the customer portal today. A driver portal is planned (Coming Soon).

Vendor

Who: An external service provider

Can do: Nothing yet — vendor registration and the marketplace are Coming Soon.

Cannot do: Register or trade on the platform today.

Platform Administrator (internal)

Who: Afruheritage staff only — not a customer role

Can do: Manage the platform through a separate internal administration console.

Cannot do: This role is never available through customer registration.

The tests

REG-01 — Create a new business account

Who: Public Visitor → New Business Owner **Journey:** Registration

Where to begin: https://afruheritage.com

What to do:

1. Open https://afruheritage.com in your browser.

2. Click 'Get Started' in the top-right corner.

3. Fill in the form: your company name, your full name, your email address, and a password (at least 8 characters, entered twice).

4. Click 'Create Account'.

5. A 'Choose Your Plan' screen appears — select 'Free Trial' and click 'Continue'. (Activating the trial can take up to a minute; wait for the next screen.)

6. A 'Choose Your Storefront Template' screen appears — pick a template and click 'Launch Storefront' (or 'Skip' to decide later).

7. You are taken to the Sign In page — that means registration worked.

What should happen: Your company account is created, you picked a plan and a storefront template, and you land on the Sign In page.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

REG-02 — Receive the welcome email

Who: New Business Owner **Journey:** Registration

Where to begin: Your email inbox

What to do:

1. Open the inbox of the email address you registered with.

2. Look for an email titled 'Welcome to Afruheritage — is Ready!'.

3. Open the email and check that it contains your company portal link (https://.afruheritage.com).

4. Note: during this pilot, platform emails are sent from 'advisory@emidentity.com' on behalf of Afruheritage — that is expected, not a fake email.

What should happen: A welcome email arrives within a few minutes, addressed to your company, with a working portal link. (On the free trial you should NOT receive a payment email — no payment was made.)

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

REG-03 — First sign-in and onboarding

Who: New Business Owner **Journey:** Registration

Where to begin: https://afruheritage.com/login

What to do:

1. Go to https://afruheritage.com and click 'Sign In' (or continue from REG-01).

2. Enter the email and password you registered with and click 'Sign In'.

3. On the welcome screen, click 'Get Started'.

4. Choose 'Freight Company' and click 'Continue'.

5. Confirm your full name and click 'Finish Setup'.

What should happen: You land on your company dashboard showing your business name in the top bar. (Choosing 'Freight Company' takes you straight to the workspace — you do NOT need to fill in a second company form.)

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

REG-04 — Create a personal account

Who: Individual Customer **Journey:** Registration

Where to begin: https://afruheritage.com

What to do:

1. Open https://afruheritage.com and click 'Get Started'.

2. Fill in the form: a name for your account, your full name, email and password, then click 'Create Account'.

3. Sign in with your email and password.

4. On the welcome screen, click 'Get Started'.

5. Choose 'Personal Shipper', click 'Continue', confirm your name and click 'Finish Setup'.

What should happen: Your personal account is created and you reach your dashboard. From there you can create a shipment via 'New Shipment'.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

ONB-01 — Confirm your free trial is active

Who: Business Owner **Journey:** Onboarding

Where to begin: Company dashboard

What to do:

1. You chose your plan during registration (REG-01). To review it, click 'Billing' in the left menu.

2. Check that 'Free Trial' shows as your active plan with its end date.

What should happen: Your trial shows as active on the Billing page and your workspace features are unlocked.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

TEAM-01 — Invite a team member

Who: Business Owner **Journey:** Team Management

Where to begin: Company dashboard

What to do:

1. Click 'Team Members' in the left menu.

2. Click '+ Invite Member' (or 'Invite').

3. Enter the person's full name and email address, and click 'Send Invite'.

4. Confirm the success message appears.

What should happen: A confirmation message appears and the invitation is sent.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

TEAM-02 — Accept the invitation email

Who: Invited Employee **Journey:** Team Management

Where to begin: Employee's email inbox

What to do:

1. Open the invitation email — its subject reads 'You've been invited to join on Afruheritage'.
2. Click the invitation link inside the email.
3. Create your password on the page that opens and submit.
4. Sign in with your email and new password.

What should happen: You can sign in and you see the company workspace (not your own business).

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

TEAM-03 — Check role restrictions

Who: Invited Employee (read-only role) **Journey:** Team Management

Where to begin: Company dashboard (as the invited member)

What to do:

1. Sign in as the invited member.
2. Open 'Billing' and 'Settings' if visible.
3. Try to change a setting or invite another member.

What should happen: Read-only members can view permitted pages but cannot change billing, settings, or membership.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

SHIP-01 — Create a shipment

Who: Business Owner **Journey:** Shipments

Where to begin: Company dashboard

What to do:

1. Click 'Shipments' in the left menu, then 'New Shipment' (or 'Create Shipment').
2. Fill in the sender name, phone, city and country.
3. Fill in the receiver name, phone, city and country.
4. Describe the cargo, enter weight and number of packages, and the cost.
5. Click 'Create Shipment'.

What should happen: The shipment is created and a tracking number starting with 'AFR-' is shown.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

SHIP-02 — Move a shipment through its full lifecycle

Who: Business Owner **Journey:** Shipments

Where to begin: Company dashboard → Shipments

What to do:

1. Open your shipment from the Shipments list.

2. Click each status button as it appears: 'Mark as Booked', 'Mark as Picked Up', 'Mark as In Transit', 'Mark as At Customs', 'Mark as Customs Cleared', 'Mark as Out for Delivery', 'Mark as Delivered'.

3. After each click, confirm the status shown on the page updates.

What should happen: The shipment moves through every stage and finishes as 'Delivered'.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

SHIP-03 — View the shipment list and history

Who: Business Owner **Journey:** Shipments

Where to begin: Company dashboard → Shipments

What to do:

1. Click 'Shipments' in the left menu.

2. Confirm your new shipment appears with its tracking number and current status.

3. Open the shipment and review its status history.

What should happen: The list shows your shipments with correct tracking numbers and statuses.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

SHIP-04 — Track a shipment without signing in

Who: Public Visitor **Journey:** Shipments

Where to begin: https://afruheritage.com/track

What to do:

1. Go to https://afruheritage.com and click 'Shipment Tracking' (or open /track).

2. Type the tracking number (for example AFR-XXXX-...) and click 'Track'.

What should happen: The page shows the shipment's current status and route without requiring sign-in.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

SHIP-05 — Assign a driver and vehicle to a shipment

Who: Business Owner **Journey:** Shipments

Where to begin: Company dashboard → shipment detail

What to do:

1. Open a shipment that is not yet delivered.
2. Look for the driver/vehicle assignment controls.
3. Choose the driver and vehicle you created and save.

What should happen: The shipment shows the assigned driver and vehicle. (If no assignment control is visible for a delivered shipment, create a new shipment first.)

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

FLT-01 — Register a driver

Who: Business Owner **Journey:** Fleet

Where to begin: Company dashboard

What to do:

1. Click 'Fleet' in the left menu, then open 'Drivers'.
2. Click '+ Add Driver'.
3. Enter the driver's full name, phone number and email; optionally a city and 2-letter country code.
4. Click 'Create Driver'.
5. Note: use a phone number that belongs to this driver — if the phone number is already known to the platform, the driver may be linked to that existing record instead of creating a new one.

What should happen: The driver appears in the drivers list with the name you entered.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

FLT-02 — Register a vehicle

Who: Business Owner **Journey:** Fleet

Where to begin: Company dashboard

What to do:

1. Click 'Fleet' in the left menu, then open 'Vehicles'.
2. Click '+ Add Vehicle'.
3. Enter the registration number, make/model and year.
4. Click 'Save' (or 'Create').

What should happen: The vehicle appears in the vehicles list.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

ACCT-01 — Reset a forgotten password

Who: Any signed-in user **Journey:** Account

Where to begin: https://afruheritage.com/login

What to do:

1. On the Sign In page, click 'Forgot Password'.
2. Enter your account email and submit.
3. Open the reset email (subject: 'Afruheritage — Password Reset Request').
4. Click the reset link, type a new password twice and click 'Set Password'.
5. Sign in with the new password; confirm the old password no longer works.

What should happen: The reset email arrives, the link works, and only the new password signs you in.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

ACCT-02 — Sign out and return — data persists

Who: Any signed-in user **Journey:** Account

Where to begin: Company dashboard

What to do:

1. Click your name/avatar and choose 'Sign out'.
2. Close the browser tab, reopen https://afruheritage.com and sign in again.
3. Check your shipments, drivers and settings.

What should happen: All previously saved records are still there.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

SUP-01 — Submit a support ticket

Who: Public Visitor (on a company portal) **Journey:** Support

Where to begin: .afruheritage.com/support

What to do:

1. Open the support page on the company's portal (for example https://.afruheritage.com/support).

2. Fill in your name, email, subject and description.

3. Click 'Submit Ticket' and note the ticket reference shown.

What should happen: A ticket is created and you receive a confirmation email titled ' — Support Ticket Created'. Note: the main afruheritage.com support page explains that tickets are submitted on the company's own portal.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

SUP-02 — Track a support ticket

Who: Public Visitor **Journey:** Support

Where to begin: .afruheritage.com/support

What to do:

1. On the support page, paste your ticket reference into 'Track Ticket'.

2. Submit and review the ticket status and replies.

What should happen: The ticket status and any replies are shown.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

STO-01 — View the company storefront

Who: Business Owner **Journey:** Storefront

Where to begin: https://.afruheritage.com

What to do:

1. Open your company portal address (from the welcome email).

2. Review the public storefront — branding, tracking box and services.

3. Try the public tracking box with a real tracking number.

What should happen: The storefront shows your company branding and working tracking.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

STO-02 — Choose a storefront template

Who: Business Owner **Journey:** Storefront

Where to begin: Company dashboard → Templates

What to do:

1. Click 'Templates' in the left menu.
2. Review available templates. Templates marked 'Preview only' are not yet publishable.
3. Select a 'Ready' template, click to stage it, then click 'Publish'.
4. Open your company portal and confirm the new look.

What should happen: The published template applies to your company portal; preview-only templates cannot be published.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

BIL-01 — Review plan and wallet

Who: Business Owner **Journey:** Billing

Where to begin: Company dashboard → Billing

What to do:

1. Click 'Billing' in the left menu.
2. Review your current plan, trial dates and wallet balance.

What should happen: Your plan status and wallet balance are shown accurately.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

CUS-01 — Use the duty calculator

Who: Public Visitor **Journey:** Customs

Where to begin: https://afruheritage.com/customs/duty-calculator

What to do:

1. Open the customs duty calculator from the Solutions menu or directly.
2. Enter a product value, category and destination country (for example Ghana).
3. Click calculate and review the estimated duty.

What should happen: An estimated duty breakdown is shown.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

ISO-01 — Confirm businesses cannot see each other's data

Who: Two Business Owners **Journey:** Security

Where to begin: Two separate company accounts

What to do:

1. Sign in to Company A and note its shipments, drivers and members.
2. Sign out, then sign in to Company B.
3. Confirm none of Company A's records are visible.

What should happen: Each company sees only its own data.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

AI-01 — Ask the help assistant a question

Who: Public Visitor **Journey:** Help Assistant

Where to begin: https://afruheritage.com

What to do:

1. Click the chat bubble in the bottom-right corner of the homepage.
2. Ask 'How do I track a shipment?' and read the answer.
3. Ask about the vendor marketplace and check the answer is honest.

What should happen: The assistant gives a helpful answer, and honestly says the marketplace is not available yet.

Result: PASS ■ FAIL ■ BLOCKED ■

What actually happened: _____

Comments: _____

Not in the initial launch — do not test these

The capabilities below are excluded from the initial launch or still under implementation — do not test them. Known defects in the Delivery Gaps register SHOULD be reported.

Feature	Where	Status	Notes
Vendor marketplace & vendor registration	Public site, help assistant, storefront marketplace section	Under implementation (D-01) — not yet deployed	Approved for build: vendor registration, approval, marketplace bookings. Not yet usable — do not test.
Central Afruheritage platform support intake	/support on the main site	Under implementation (D-04)	A platform-level support channel is being built. Today, tickets are submitted on each company's portal page.
CRM activity history	CRM section — contacts and quotes available	Under implementation (D-08)	The activity interface is being added. Contacts and quotes already work.

Live payment collection	Billing	Pending sandbox certification (D-05)	Manual-renewal billing model — there are no automatic recurring charges. Plan/trial selection works; do not attempt real-money payments during UAT.
Driver portal (driver sign-in)	Fleet management	Excluded from initial launch (D-02)	Drivers are managed records — creation and assignment work; drivers cannot sign in.
Warehouse operations	Not in customer navigation	Excluded from offering (D-06)	Not part of the Afruheritage launch product.
Dedicated analytics dashboards	Not in customer navigation	Excluded from initial launch (D-07)	Basic operational counts already work; advanced dashboards follow later.
Additional storefront templates (mall, ecommerce, restaurant, bookings, real estate)	Templates page	Excluded — publish-blocked (D-09)	Preview only; cannot be published until tenant-configurable content is complete.
Custom domains	—	Excluded from initial launch (D-10)	Company portals run on yourname.afruheritage.com. Custom domains need separate DNS/certificate work.
Mobile app (iOS/Android)	—	Excluded from initial launch (D-11)	The web app works on mobile browsers; native apps are on the roadmap.

Emails you should receive

- Welcome email — after registering a company.
- Invitation email — 'You've been invited to join on Afruheritage'.
- Password reset email — 'Afruheritage — Password Reset Request'.
- Support ticket confirmation — after submitting a ticket on a company portal.
- If an expected email does not arrive within 10 minutes, mark the test FAIL.

If something goes wrong

Write down the test ID, what you clicked, what you expected, and what actually happened. Attach a screenshot to the checklist.
